Summary

B. Tech student in Electronics and Computer Science Engineering with experience in marketing, Salesforce administration, and web development. Skilled in project planning, client customization, and AI-based automation in SaaS. Developed an intelligent car security system with real-time facial recognition. Knowledgeable in Python, Oracle, SQL, and web development, with a focus on UI/UX design and community involvement.

EDUCATION

B. Tech, ECSE	2021-25	KIIT-DU, Bhubaneswar	68.5%	
AISSCE (Class XII)	2021	ODM Public School, Bhubaneswar	81.2%	
AISCE (Class X)	2019	ST. Joseph School, Pallahara, Angul	79.2%	

INTERNSHIP/S

FTA Intern, HighRadius, Bhubaneswar (On-site)

July 2024 – Oct 2024

HighRadius is a Fintech SaaS company leveraging AI-based Autonomous Systems to optimize Accounts Receivable and Treasury operations.

- Collaborated with clients to identify business requirements and customize HighRadius solutions, including Cash Application, Credit, and Collections Cloud.
- Assisted in project planning, system integration, and optimization to enhance financial operations.
- Proposed and implemented process improvements to streamline remittance matching and credit scoring mechanisms.
- Conducted client-facing activities such as training sessions, user manual development, and user acceptance testing (UAT).
- Contributed to lead generation efforts through LinkedIn sniping and research on potential business opportunities.

Salesforce Administrator Virtual Internship, SmartInternz (Remote)

May 2024 – June 2024

SmartInternz in partnership with Salesforce Partner and AICTE

- Completed Salesforce Trailhead modules including Salesforce Fundamentals, Organizational Setup, Relationship & Sales Cloud, Service Cloud & Process Automation, Flow & Chatter, Security, Reports & Dashboards, and Data Management.
- Earned Super Badges: Security Specialist, Business Administration Specialist, Lightning Experience Reports & Dashboards Specialist, and Admin Super Set.

Web Development Virtual Internship, Bharat Intern (Remote)

May 2024 – June 2024

Bharat Intern LLP, AICTE Verified

- Participated actively in the virtual internship program focused on web development.
- Developed and enhanced web development skills through hands-on projects and tasks.
- Gained practical experience in web development from May 10, 2024, to June 10, 2024

ACADEMIC PROJECTS

Intelligent Car Security System with Real-Time Facial Recognition

Dec 2023 – Nov 2024

- Engineered a Raspberry Pi-based vehicle anti-theft system utilizing facial recognition for secure access control.
- Integrated real-time face detection to authenticate and permit vehicle ignition access, reducing risks of unauthorized use.
- Enabled remote ignition control via GSM modules and generated instant alerts for intrusion attempts, enhancing security protocols.
- Developed features for continuous system monitoring and remote control to ensure comprehensive security coverage.
- Created a website for system management and monitoring, providing users with a platform for remote access and control.
- Tools and Technologies Used: Raspberry Pi, Haar Cascade Classifier, GSM Module, OpenCV, Python, Relay Module, Motor Driver Circuit, IoT-based communication framework, Web Development Technologies.

Spotify Player Interface Replica

Sept 2023

- Designed a replica of the Spotify player interface using Figma, focusing on UI/UX experience.
- Replicated the design and layout of the original Spotify player, ensuring a seamless and intuitive user interface.
- Focused on user interaction elements like buttons, sliders, and menus to create a realistic user experience.
- Implemented responsive design principles to ensure compatibility across various screen sizes and devices.
- Created a high-fidelity prototype to demonstrate interactive elements and user flow.
- Conducted usability testing on the interface to gather feedback and refine the design.
- **Technologies Used:** Figma.

EXTRA-CURRICULAR ACTIVITIES AND ACHIEVEMENTS

Assistant Coordinator, NSS SOEE PROJECT LAKSHYA, KIIT-DU

May 2022 – Present

- Organized village visits for health, hygiene, and education awareness.
- Led cleanliness drives under Swachh Bharat Abhiyan and conducted beach clean-ups with Climate Man of Odisha.
- Participated in rallies for environmental conservation, road safety, and social justice.
- Volunteered at blood donation camps, promoting lifesaving donations.

KELTICS 2023

- Planned and executed logistics for a 2-day conference, boosting attendance by 30%.
- Designed promotional materials (5 flyers, 3 posters) and managed guest registration for 200+ attendees.
- Collected and applied feedback from 50+ participants for event improvement.
